PEL-002 ECO JUNGLE RIVER CRUISE

Duration: 3.00 Hrs Price: \$169.00

OVERVIEW

Experience the biologically diverse ecosystem of Costa Rica while riding in a pontoon boat through the Tortuguero Canals. Known as Costa Rica's Amazon, the canals are surrounded by rainforest and extremely rich in flora and fauna. As you cruise the labyrinth of natural and man-made canals, you will most likely see beautiful wild orchids in the trees, water lilies blanketing the water's surface and a variety of monkeys, sloths and birds such as toucans. Costa Rica's national bird, the clay-colored thrush, also inhabits the forest and is cherished for its exquisite song. The canals are only accessible on foot or by boat, so the entire area is rather remote and uncrowded.
