OVERVIEW

Enjoy a leisurely walk around a former landfill that has been converted into a coastal pond that attracts hundreds of species of birds. CIV-WT1 WELLNESS - THERMAL BATHS OF THE POPES

Date: Jun 17, 2026 Time: 08:30 AM Duration: 5.00 Hrs Price: \$289.00

OVERVIEW

Travel to the ancient city of Viterbo, where thermal springs have been celebrated for their healing properties since the time of the Etruscans and Romans. In the lush countryside just west of the city center, you will experience Terme dei Papi, the "Thermal Baths of the Popes." While the baths were visited by a succession of popes in medieval times, they received their current name in the 15th century when Pope Nicholas V was so impressed by the curative effects of the waters that he had a grand palace built on the site, so he could stay there whenever he

required treatment. The baths are fed by the Bullicame spring that has inspired artists and poets for centuries. Dante references the spring in his Divine Comedy, and Michelangelo sketched drawings of the beautiful landscape. The mineral-rich waters are forced through a miles-long fracture in the earth's crust by the pressure of carbonic gases. The salts, calcium, magnesium and other mineral compounds in the thermal waters make them highly valued for multiple therapeutic applications, including the treatment of respiratory ailments, bone and joint pain, and skin conditions. On the gorgeous estate of Terme dei Papi, relax in the splendid outdoor pool, which stretches over 20,000 square feet and is fed exclusively by the thermal waters of the famous Bullicame. The warm waters and soothing vapors provide the ultimate relaxation, relieving muscle tension, easing stress and nourishing your skin. You may also experience the natural cave heated by healthy sulphurous vapors. Here in the heart of Italy, history comes together with nature and health to create a day of wellness that will renew your body and spirit.

SRT-018 THE ANCIENT ROMAN RIVIERA: HERCULANEUM

Date: Jun 18, 2026 Time: 08:30 AM Duration: 5.00 Hrs Price: \$139.00

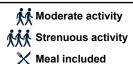

OVERVIEW

Delve into the remains of Herculaneum, a UNESCO World Heritage site that, much like Pompeii, fell victim to Mount Vesuvius' reverberating AD 79 eruption, on this engaging tour that also takes you to a local craft center. Enjoy a scenic journey by coach to ill-fated Herculaneum, whose fate didn't quite mirror Pompeii's, since Pompeii was buried in hot volcanic ash that burned everything combustible, whereas Herculaneum was covered by scorching mud that serendipitously preserved the village and prevented looting throughout the centuries. In addition, you'll hear many of the citizens had already departed Herculaneum due to an earthquake that preceded the volcanic eruption by several years, so this city has none of the eerie body casts seen in Pompeii. During your guided tour, you might see upper-class Roman villas overlooking the sea, original statuary, inlaid marble floors, intricate wall mosaics and even carbonized wood artifacts that survived the horrific devastation, all of which provide an astonishing snapshot of life nearly 2,000 years ago. Cap off your illuminating outing with a visit to a woodworking center, proof that even Vesuvius' destructive outburst couldn't prevent this vibrant corner of Italy from flourishing.

MNA-015 MAMERTINO PATH WINE EXPERIENCE

Date: Jun 19, 2026 Time: 10:00 AM Duration: 5.00 Hrs Price: \$269.00

OVERVIEW

OVERVIEW Gain insight into the foods and wines produced around the inland town of Santa Lucia del Mela while visiting a winery and farm. The wines are fermented in terracotta amphorae, much like it was done thousands of years ago. One of the wines that has been revitalized in this area – a mamertino – was a favorite of Julius Caesar and so beloved that the Roman scholar Pliny described it in his book Natural History. After touring the wine cellar and dining on Sicilian cuisine thoughtfully paired with wines, you will follow a path through the vineyards and olive groves to a nearby farm. Although dozens of traditional cheeses are made in Sicily, this farm produces a rare one that uses donkey milk. The dairy farmer will describe the process and offer a tasting.

HIGHLIGHTS

- Tour a winery known for its mamertino, a wine that Julius Caesar adored
- Walk through the vineyards, tour the cellar and enjoy a wine tasting with lunch
- Visit a farm that produces an unusual cheese with donkey milk.

Mingle with fishermen at a seaside village, learn how they rely on ancient techniques to net fish and then dine on their daily catch. In Marsaxlokk, the fishermen will demonstrate some of the fascinating traditional methods they still use. The design of Maltese fishing boats is also centuries old; they are painted in bright primary colors and prominently feature the symbol of an eye on each side of the bow, which is an ancient Phoenician custom. The fishermen will also display their daily catch, which typically includes lampuki, a species more commonly known as dorado or mahi mahi. They will then lead you to the Tartarun Restaurant near the harbor so the chef can cook the fish for your lunch. It might be a beer-battered and fried, roasted with clams or added to a Maltese fish soup known as aljotta. You can help the chef prepare the meal or just watch. Regardless, it will taste sensational
