## Santa Marta, Colombia

**STM-005 TAIRONAKA INDIAN RESERVE**

**Date: Jan 18, 2027 Time: 07:30 AM**  
**Duration: 5.25 Hrs Price: \$159.00**

OVERVIEW

Spend the day exploring the Taironaka Indian Reserve, taking in the natural environment, the biodiversity and learning about the Tairona culture. Departing from the pier, you’ll commence a highly scenic 1 hour drive away from the city of Santa Marta through the “Troncal del Caribe”. As you travel along this route, you’ll see beautiful landscapes and contrasts produced by the area’s diverse climate ranges. Upon arrival, access to Taironaka is done via a pleasant 20- minute walk along an ecological path, during which you will start to appreciate the flora and fauna of the region. However, the Taironaka, Ecological Tourism and Archeology site offers that and much more. Here, in this landscape nestled in the foothills of the Sierra Nevada of Santa Marta, you will have the opportunity of walking through what used to be the stone paved city of Tairona. You will see paths, aqueducts, stairs, terraces and much more. You may even see a piece of a Tairona vessel or remains of grinding stones whose wonderful rounded stones were created for a purpose that is still unknown. There were many items that this incredible culture manufactured during the hundreds of years that they dwelled on this mountain; and many of them remain. The Spaniards who came and assaulted the Taironas while looking for gold objects, took the gold, but they left the clay, the stone and what remains of the city today. Due to its climate and fertile soil, the area started off cultivating colorful tropical flowers that are sold to international markets and which can be observed everywhere within the reserve. Today, it has also become a sanctuary for the archeological treasures of the Tairona culture which are more than a thousand years old. The museum here showcases pieces of great value and also enlightens visitors on how the Taironas lived and how they were remarkable goldsmiths, craftsmen, sailors and warriors. Following the guided portion of your tour, you are free to explore further on your own, or perhaps take a swim in the river. There is a restaurant at the Reserve where guests may purchase lunch. After approximately 2 hours, you’ll walk with your guide back to your minibus and travel back to the ship.

**Date: Jan 19, 2027 Time: 01:30 PM**

**Duration: 3.50 Hrs Price: \$169.00**

OVERVIEW

Take in the highlights of Aruba, ranging from manmade landmarks to attractions that the force of nature has shaped. A brief but panoramic drive along resort-rimmed Eagle Beach will bring you to the California Lighthouse. The island's oldest lighthouse, it offers unparalleled 360-degree vistas of Aruba's northwestern tip. The lighthouse isn't named for the state of California, but rather for a British ship that sank off Aruba in 1891, before a lighthouse was built here. Alto Vista Chapel is another architectural highlight, as it marks the spot where Spanish missionaries are said to have converted the island's indigenous people into Christians in 1560. Continuing on to Baby Natural Bridge, you will view the remains of a coral bridge that spanned a finger of the sea until the relentless pounding surf caused it to collapse in 2005. The bridge demonstrates the unpredictable force of nature, as do the Casibari Rock formations, a cluster of massive boulders that were created when nearby tectonic plates shifted.

HIGHLIGHTS

- Visit the island's oldest lighthouse, a soaring beacon that offers stunning vistas.
- See a historical seaside chapel built on the site of the first Catholic church in Aruba.
- Behold the remains of a natural coral bridge that the erosive force of nature leveled.
- Marvel at the oddly shaped rock formations that shifting tectonic plates created.

HELPFUL HINTS

- Dress in weather-appropriate clothing.
- Wear flat comfortable walking shoes.

PLEASE NOTE

This tour involves limited walking, mainly at the guests' discretion. The tour has limited wheelchair availability and wheelchair guests must have a collapsible wheelchair, be able to make their own way on and off the coach and have a companion to assist them. Back on shore, you will take in the spectacular scenery from the California Lighthouse and see natural wonders such as the Baby Natural Bridge and the Casibari Rock formations, which shifting tectonic plates created long ago. **Duration: 4.00 Hrs Price: \$139.00**

OVERVIEW

OVERVIEW Ride across the island in an open-air Jeep to a natural pool along the sea and a cave adorned with centuries-old pictographs. You will enjoy uninterrupted views of the gorgeous countryside as you travel through Aruba's rugged interior, often on roads only accessible in a 4-wheel-drive vehicle. The seaside pool lies within the Arikok National Park, an environmentally protected wonderland that covers nearly 20% of the island. It will be immensely relaxing to ease into the crystal-clear waters of the secluded pool, which fills a bowl-like depression in the volcanically formed shoreline. Nearby, you will explore Fontein Cave, whose limestone walls are covered with reddish-brown drawings – some floor-to-ceiling – that the indigenous Arawaks created long ago. Anthropologists speculate that the artists may have been under the influence of psychedelics. To experience a weird sensation yourself, dip your feet into the freshwater pool nearby and enjoy a fish pedicure of sorts.

- Ride through Aruba's rugged interior, often on roads only suitable for a 4-wheel-drive vehicle.
- Enjoy panoramic views of the volcanically formed terrain, which at times is desert-like.

The captain sunk the newly new ship on purpose rather than surrendering it to the Dutch marines on Aruba. The 400-foot ship is lying on its side in about 60 feet of water and is teeming with marine life. The wreck of the SS Pedernalis is the second dive site, and it is equally spectacular. The Germans torpedoed the oil tanker in World War II, but much of it is still intact at a depth of about 25 feet. This colonial architecture and the district's European-style layout earned Willemstad a UNESCO World Heritage site designation. Even so, the architectural highlight may well be Fort Amsterdam as it was constructed in 1634 and a cannonball from a conflict with England is still lodged in one of the walls. You will also view the 19th-century Queen Emma pontoon bridge whose colorful arched lights shine brilliantly on the water at night. The orange Dushi sign is another icon; the word means "sweet" in Papiamentu, the official language of Curaçao. Later, you will toast the experience of walking through Willemstad with a Blue Curaçao, a sweet cocktail made from Laraha oranges grown on the island.

**FMH-011 GRAND COLONIAL ESTATES & SHOPPING**

**Date:** Jan 22, 2027 **Time:** 07:01 AM  
**Duration:** 5.75 Hrs **Price:** \$169.00

OVERVIEW

Browse two 18th-century Great Houses, both having survived a slave rebellion unscathed. Perched on a hilltop, the Greenwood Great House is considered the most original of Jamaica's opulent colonial estates because it appears much as it did when constructed. It is handsomely furnished with period pieces and holds the largest private collection of plantation library books on the island. The Georgian-style Rose Hall was built even earlier and was left intact during the slave rebellion of 1831 because it was supposedly haunted by the ghost of former owner Annie Palmer. You will hear stories of her – the notorious White Witch – and how she murdered three husbands and numerous slave lovers when she grew tired of them. Now restored to its former glory as a sugar plantation, Rose Hall is an architectural treasure. A jerk-seasoned lunch at Scotchies restaurant in the shopping mall Main Street Rose Hall will follow. You may also have time to shop.

HIGHLIGHTS

- Browse two grand Great Houses, which look much like they did in the 18th century.
- Admire the plantations' period furnishings and hear tales of their owners.
- Enjoy a Jamaican jerk lunch at Scotchies, a restaurant in St. Bran's Burg that locals favor.
- Spend a bit of free time shopping at Main Street Rose Hall mall.

**Date:** Jan 22, 2027 **Time:** 07:01 AM  
**Duration:** 5.75 Hrs **Price:** \$119.00

OVERVIEW

Explore the geological wonders in the Green Grotto Caves, an experience that will give you much to reflect upon over a traditional Jamaican lunch at the casual eatery Scotchies. The mostly coastal drive to the caves will present the north shore's natural beauty in all its glory. The scenery beneath the earth's surface is just as inspiring as you will discover in the Green Grotto Caves, which was named for the green algae that covers its walls. Over the centuries, the voluminous caves have been home to Arawak Indians, colonial-era Spaniards, runaway slaves and smugglers. The caves have even been a nightclub. The most dramatic geological formations are eerily illuminated and named for their resemblance to figures such as Abraham Lincoln. A jerk-seasoned lunch awaits you at Scotchies Drax Hall, a wonderfully informal restaurant that grills its meats over a fire of sweet-wood rather than pimento wood, which imparts a unique flavor.

HIGHLIGHTS

- View the extraordinary, eerily illuminated geological formations in the Green Grotto Caves.
- Hear how the caves were used historically to shelter runaway slaves, smugglers and others.
- Enjoy a Jamaican jerk lunch at a restaurant in St. Ann's Bay that locals favor.

OVERVIEW

Spend hours relaxing however you please on the beach at Discovery Bay, a beautiful stretch of sand with plenty of amenities, including a floating water park. After departing from the pier, you will enjoy a scenic drive along Jamaica's lovely northern coast to Discovery Bay. When Christopher Columbus landed here in 1494, he called the town Puerto Seco or Dry Harbor because the natural harbor lacked fresh water nearby. You will spend hours here enjoying the setting, as well as all sorts of other amenities. You might stretch out on the sand, take an invigorating dip in the sea or in the freshwater swimming pool and stroll the horseshoe-shaped shoreline. Stands of palm trees line the beach, so there is also plenty of shade if you wish to get out of the sun. If you are looking for activities, a floating water park is just offshore with slides, trampolines and a rock-climbing feature. You could also rent snorkeling equipment and see the tropical wonders that lie beneath the water's surface. When you are ready to dine, a hearty lunch will be served in the Santa Maria Restaurant. - Shore excursion prices are subject to change to meet unexpected cost increases or currency fluctuations. Once excursions have been purchased, pricing is guaranteed and not subject to change.
- During local or national holidays, access to certain facilities (such as museums or archaeological sites) may be limited or denied. In such instances, adjustments in the shore excursion itinerary will be made to minimize inconvenience to guests.
- Some shore excursions have limited availability; reserve your excursions early to avoid disappointment.
- Oceania Cruises reserves the right to require guests to complete a liability waiver for select shore excursions. For more information, please consult the Destination Services Desk on board.

### PLEASE NOTE

While the greatest care has been taken to offer the finest services available, Oceania Cruises will not be held responsible for any event or omission during the time that guests are not on board the ship or its tenders. All arrangements for certain optional off-board activities, including air transportation, hotel accommodations, ground transfers and shore excursions, are made by Oceania Cruises with the suppliers of the services for the convenience of our guests. Each guest agrees not to hold Oceania Cruises, its owners, employees, agents or representatives liable, in the absence of its own negligence, for any loss, injury, expense or damage which results directly or indirectly from any act or omission, whether negligent or otherwise, of any person or firm which provides any goods or services in connection with any optional travel component or any other option that is available for purchase. Arrangements with independent contractors include but are not limited to services, products and transportation provided elsewhere than on board an Oceania Cruises vessel in connection with tours, whether arranged or organized by tour operators, travel agents or Oceania Cruises. Tours, including hotel accommodations and transportation by any vessel not owned or operated by Oceania Cruises or by air, rail or land, are not under the supervision and control of Oceania Cruises. Notwithstanding that Oceania Cruises, at the guest's option, arranges air transportation, hotel accommodations, group transfers, shore excursions and other services with independent suppliers of the services, it should be understood that Oceania Cruises, being a "for profit entity," earns a fee on the sale of the optional services.

All Oceania Cruises shore excursion fares are per person, are subject to change and are subject to availability. Some tours are capacity controlled and may be withdrawn at any time without prior notice. While Oceania Cruises makes every effort to adhere to the specifics mentioned in each shore excursion description, circumstances may require otherwise. All shore excursion descriptions and information are subject to change without notice at Oceania Cruises' discretion. Oceania Cruises is not responsible or liable for typographical errors, omissions or misprints.
