**Duration: 5.00 Hrs Price: \$109.00**

OVERVIEW

Explore captivating Catania independently and concentrate on the attractions that look most interesting to you. The resulting late Baroque architecture and innovative town planning earned Catania a UNESCO World Heritage site designation. Much of the architecture is dark-gray as it was constructed with tuff, a type of rock that contains volcanic ash from the eruptions of Mt. Etna. Much of Catania Cathedral – which is dedicated to Saint Agatha, the city's patron saint – was reconstructed with that volcanic material. You may also wish to see the 2nd-century Roman amphitheater and the Collegiata Church, another landmark that was restored following the earthquake. If shopping sounds appealing, you will find plenty of designer stores and one-of-a-kind boutiques.

HIGHLIGHTS

- Explore Catania at your own pace with no schedule to follow other than your own.
- Spend hours focusing on the landmarks that sound most appealing to you.
- Ask the escort on the ride over to Catania for recommendations if you wish.
- Appreciate the late Baroque architecture that was built after the 1693 earthquake.

**Duration: 3.50 Hrs Price: \$129.00**

OVERVIEW

Surrender to the captivating highlights of Messina, a Sicilian city that nearly kisses the tip of Italy's boot. You'll learn that over the centuries Messina has been coveted for its wonderful natural harbor and strategic location on the northeasternmost corner of Sicily, the closest point to mainland Italy. From atop a scenic promontory, take in superb vistas of the surrounding land, which has lured visitors and conquerors for centuries. Visit the city's sublime cathedral, where, according to legend, England's king Richard the Lionheart worshipped in 1190 at the beginning of the Third Crusade. You'll immediately notice one of the cathedral's highlights, the world's largest and most complex astronomical clock. Proceeding along Via Garibaldi, see the mosque-like 12th-century Church of the Santissima Annunziata dei Catalani and the ornate Teatro Vittorio Emanuele, which was originally built in 1852. Despite the destruction wreaked by centuries of earthquakes and Allied bombing during WWII, you'll appreciate that fortune saw fit to spare numerous fine buildings of historical importance for you to enjoy today.

**Duration: 4.25 Hrs Price: \$209.00**

Visit a lake where plump, succulent mussels and clams are farmed and view the landmarks in Messina, a city that the Greeks settled in the 7th century BC. Ganzirri Lake offers an ideal brackish environment for the aquaculture of mollusks, and if you are lucky, you will see fishermen collecting them. Their basic technique hasn’t changed in centuries. The fishermen, known as cocciulari, still row wooden boats around the lake and use rakes outfitted with nets to pluck the bivalves from the bottom of the lake. You can expect to sample the clams in your lunch of spaghetti alle vongole, a much-loved dish in Sicily. The attention will turn to architecture in Messina. The Duomo is adorned with what may be the world’s largest astronomical clock. Nearby stands the Shrine of Christ the King, a somber World War II memorial. Bronze from World War I enemy cannons was melted down for its bells.

**MNA-015 MAMERTINO PATH WINE EXPERIENCE**

**Date: May 26, 2027 Time: 10:00 AM**  
**Duration: 5.00 Hrs Price: \$269.00**

**OVERVIEW**

**OVERVIEW** Gain insight into the foods and wines produced around the inland town of Santa Lucia del Mela while visiting a winery and farm. The wines are fermented in terracotta amphorae, much like it was done thousands of years ago. Unlike wooden or steel vessels, terracotta provides superior insulation, removes acidity from the wine and allows for better oxygen exchange. One of the wines that has been revitalized in this area – a mamertino – was a favorite of Julius Caesar and so beloved that the Roman scholar Pliny described it in his book Natural History. After touring the wine cellar and dining on Sicilian cuisine thoughtfully paired with wines, you will follow a path through the vineyards and olive groves to a nearby farm. Although dozens of traditional cheeses are made in Sicily, this farm produces a rare one that uses donkey milk. The dairy farmer will describe the process and offer a tasting.

**HIGHLIGHTS**

- Tour a winery known for its mamertino, a wine that Julius Caesar adored.
- Walk through the vineyards, tour the cellar and enjoy a wine tasting with lunch.
- Visit a farm that produces an unusual cheese with donkey milk.

**HELPFUL HINTS**

- Dress in weather-appropriate clothing.
- Wear flat comfortable walking shoes.

**PLEASE NOTE**

**PLEASE NOTE** Coaches do not have a lift and entering and exiting must be done via stairs. This tour includes approximately 3 hours of walking and standing over even, and uneven surfaces. The sights on this tour are not wheelchair accessible; therefore, it is unavailable to wheelchair guests. Any allergies must be noted when booking the tour. As this excursion involves standing and walking for periods of time of approximately 3 hours, those guests with mobility concerns are cautioned to evaluate their personal level of ability and stamina.
