Date: Sep 22, 2027 Time: 08:00 AM
Duration: 3.00 Hrs Price: \$179.00

OVERVIEW

Bicycle along a popular coastal promenade to the state park on forested Mackworth Island, where you will hike along a picturesque loop trail before bicycling back to Portland. Meeting at the pier, you'll receive a safety briefing and helmet and then begin your biking adventure. Riding a bicycle allows you a wonderful up-close view of the area. As you pedal along the tree-lined Eastern Promenade, you can expect to see other bikers, joggers and walkers enjoying this waterfront trail. The promenade was built along a former rail corridor and offers spectacular views of Casco Bay. The fort wasn't finished until the end of the Civil War, by which time weaponry had changed making it obsolete. Later, you will learn fascinating facts about Bug Lighthouse, which was once just a wooden tower, and the Casco Bay Islands, also known as the Calendar Islands, because there are supposedly 365 of them. Upon reaching Mackworth Island, you will hop off your bike for a one-mile hike along a trail that encircles the island. In 1946 Maine's governor set aside the island "as a sanctuary for wild beasts and birds," and in fact, buried his own dogs here. During your hike you may also spot seagulls and ospreys. YYT-006 SAINT JOHN HIGHLIGHTS

Date: Sep 23, 2027 Time: 08:00 AM
Duration: 2.50 Hrs Price: \$119.00

OVERVIEW

Traveling from the pier by motor coach, you will drive to the Old City Market, which was constructed in 1876 and narrowly escaped the devastating Fire of 1877. Canada's oldest continuously operating farmer's market, the Old City Market is filled with locally grown produce, bakery goods, crafts, and other Canadian merchandise. Your adventure will then take you through the historical neighborhoods rich in shipbuilding and lumber industries as you make your way to Fallsview Park and the Reversing Falls Rapids. This natural phenomenon is caused by the Bay of Fundy's tide, which rises more than 28 feet in the day. When the tide is low, the river empties into the bay. As the tide rises, the water begins to churn in a series of powerful rapids and whirlpools until the river flows backwards. It's a strange sight that lasts for hours, until the tide goes out and the river height becomes higher than that in the bay. Once you have experienced the magnificent power of the Reversing Falls Rapids, enjoy a short drive to Place Fort La Tour, a National Historic Site of Canada, sitting at the mouth of the Saint John River. Learn the story of Charles de Saint-Etienne de La Tour, how the Fort became one of the earliest fur trade points between the French and the indigenous people, and the tragic story of his wife's defense of the Fort in his absence while under siege from his rival. Lady La Tour is a true Canadian heroine. On this section of your tour, we invite you to travel back in time with us to the 1600's and experience life at that time, complete with Palisade, Bastion, and Blacksmith Forge, all nestled amongst replica fort buildings.

Camp Hill takes its name from the military troops that were camped there during the 1834 cholera epidemic. Military graves from both world wars are scattered throughout the Camp Hill Cemetery, as well as the graves of two of Canada's founding fathers. The Halifax Public Gardens are noteworthy for being a rare example of a Victorian garden that has changed little since opening in 1867. Its setting is extraordinarily tranquil. Star-shaped Halifax Citadel – the fourth fort to perch on the hilltop – was built in 1856 to keep the peace. It still looks impenetrable, a reason why this National Historic Site was never attacked. YQY-021 SPIRIT OF THE FIDDLE - THE SOUNDS OF CAPE BRETON

Date: Sep 25, 2027 Time: 02:00 PM

Duration: 1.50 Hrs Price: \$59.00

OVERVIEW

Watch a performance that celebrates the Celtic musical heritage of Cape Breton and the fiddle, its most iconic instrument. Although steel and coal production once drove the economy, Sydney is now known as a hotbed of Celtic music. A 50-foot-high Celtic fiddle at the cruise terminal honors that history. After taking a seat in the pavilion's Kavanaugh Room, you will see a performance of traditional music that reflects the island's Scottish, Irish and Acadian influences. Cape Breton supposedly has more fiddlers per capita than anywhere else in the world, so it is only fitting that a fiddle will be featured. The performance will also include singers and a unique form of step-dancing in which the movement of the upper body is more limited than in other forms of step-dancing. Refreshments will be served during the performance—be sure not to miss the traditional Cape Breton oatcakes.

- HIGHLIGHTS**
- Listen to a piper play a Celtic tune at the 50-foot-high fiddle statue at the cruise terminal.
 - Watch a performance of traditional Celtic music inside a pavilion at the cruise terminal.

- Dress in weather-appropriate clothing.
 - Wear flat comfortable walking shoes.

PLEASE NOTE
