Duration: 3.00 Hrs Price: \$109.00

Gain an understanding of Melilla's turbulent history and how Spain has defended this small territory on the African continent for more than 500 years. You will be reminded of war's devastating toll on human life at the La Purísima Cemetery, as there is a sea of above-ground burial vaults for the military. Today, many soldiers are stationed at Millán Astray, a barrack named for the founder and first commander of the Spanish Foreign Legion. Of all the forts in Melilla, Rostro Gordo is the largest and most advanced. As you will discover, it perches just north of the city near the border of Morocco. Abd-el-Krim was imprisoned there before becoming the highly successful leader of the Berber forces during the 1920s Rif War against Spanish rule. MLL-006 WALKING MELILLA & CONVENTICO CAVES

Date: Sep 29, 2027 Time: 10:00 AM
Duration: 2.25 Hrs Price: \$79.00

OVERVIEW

Enjoy a leisurely stroll through the most historical areas of Melilla and visit the labyrinth of caves in Old Town that have been used for defensive purposes since Phoenician times. As you walk the cobblestone streets, the guide will describe the city's turbulent past and point out buildings of the greatest historical value. Despite being on Africa's north shore, Melilla has been a Spanish territory for more than 500 years. The occupation hasn't always been peaceful. Over the centuries, soldiers have used the vast series of Conventico Caves beneath the city to hide munitions and to protect Melilla from attack, primarily from the Moors. Although the caves were naturally formed, they were expanded by hand to three levels and tunnels were added for greater mobility. The furnishings in the caves will help you imagine what life was like underground when Melilla was under siege.

HIGHLIGHTS

- Stroll the cobblestone streets of Old Town while the guide describes Melilla's history.

OVERVIEW

Enjoy a behind-the-scenes look at a citrus farm that grows fruit much like it did in the 19th century, when the farm was established. Family-owned Huerto San Eusebio grows a variety of organic fruit, including famed Valencia oranges, grapefruits, kumquats and lemons. Most of the products are sold locally to maintain freshness and to minimize the environmental impact of transporting them over long distances. No chemicals or herbicides are used and monoculture farming is avoided because it can deplete the soil's natural nutrients and endanger the crops. You may spot black-winged stilts, crested coots, little-ringed plovers and countless migratory birds such as bee-eaters. Marsh harriers are also abundant. OVERVIEW

Ride a miniature train with wheels through Marseille and up to the hilltop Notre-Dame de la Garde basilica, an architectural treasure that lords over this oldest city in France. The route skirts along the Old Port – which the Greeks founded circa 600 B.C. – and follows the Kennedy Corniche coastal road before passing the Vallon des Auffes fishing harbor. The petit train is open on all sides so you will enjoy sweeping, uninterrupted views the entire way, especially during the ascent to the basilica. Built in the 19th century atop a limestone outcrop that marks Marseille's highest point, the Neo-Byzantine monument is known locally as the Good Mother. It is the city's dominant icon as its belfry soars nearly 200 feet high and is topped with a huge gold-leafed statue of the Madonna and Child. The interior is absolutely beautiful, but the 360-degree view from the basilica's observation area certainly rivals it.

HIGHLIGHTS

- See the highlights of Marseille while riding an open-air miniature train with wheels.
- Drive along a spectacularly scenic coastal route before ascending to the hilltop basilica.
- Spend free time exploring the Notre-Dame de la Garde basilica, an architectural gem.

MRS-BB1 BEYOND BLUEPRINTS - MARSEILLE

Date: Oct 03, 2027 Time: 08:00 AM
Duration: 4.50 Hrs Price: \$279.00

OVERVIEW

Gain an insider's understanding of the challenges in building two avant-garde landmarks by touring them with a guide. Perched along the waterfront, La Cosquer Méditerranée was designed to embody Marseille's deep bond with the sea. Instantly recognized for its prominent cantilevered overhang, this three-level public space also features a conference center with portholes beneath the sea. As you will discover, that lower floor presented all sorts of unusual circumstances that pushed the boundaries of architecture. The building faces MUCEM, a national museum devoted to Mediterranean civilizations. Its audacious design includes elements such as tree-like columns, a lacy façade that resembles a fishnet and a slender footbridge that connects it to the towering ramparts of Fort St. Jean. The square-within-a-square shape of MUCEM is classical in one sense but radically different because of the building materials. The concrete filigree that shields much of the structure is particularly stunning.

HIGHLIGHTS

- Tour two futuristic landmarks with your guide that will describe the designs.
- Discover how the challenges of building an underwater conference center were overcome.
- Recognize how a national museum used revolutionary materials to achieve its design.

HELPFUL HINTS

- Dress in weather-appropriate clothing.
- Wear flat comfortable walking shoes.

PLEASE NOTE

PLEASE NOTE : This tour includes approximately 3 hours of walking over mainly flat and even surfaces and transportation in certain areas. It is not recommended for guests who utilize a wheelchair. Those guests with mobility concerns are cautioned to evaluate their personal level of ability and stamina. Casual, weather-appropriate clothing and comfortable, flat walking shoes are suggested. Admission to the National Museum is not included.
