❖ BAY OF ISLANDS, NEW ZEALAND

BAY-001 CRUISE TO CAPE BRETT - HOLE IN THE ROCK

Duration: 3.00 Hrs **Tour Price:** \$309.00

Date: January 31, 2023 08:00 AM

Cruise the turquoise waters and unspoiled inlets of the Bay of Islands and see Cape Brett Lighthouse, the Hole-in-the-Rock sea arch and more. You'll depart the pier aboard a stable catamaran featuring roomy indoor and outdoor viewing decks, sailing under what could be the earth's bluest skies into a constellation of 150 unspoiled islands off the North Island's northeast corner. The Bay of Islands is both magnificent and historically significant: New Zealand's earliest Maori settlers migrated here 700 years ago, and its first British missionary settlers arrived in 1814. Charles Darwin stopped by not long after, and in more modern times, American adventure writer Zane Grey popularized the islands as a big-game fishing paradise. You'll journey through these fabled waters today, passing picturesque islets as you make for crisply white Cape Brett Lighthouse, perched high atop a spectacular headlands cliff. You'll see Motukokako Island with its dramatic Hole-in-the-Rock arch and visit another major highlight, the majestic Grand Cathedral Cave. Slowly cruising among the inner islands, you'll likely have engaging encounters with the schools of dolphin that frequent these waters. Commentary from the captain will help fill in the natural and cultural history of it all.

- Cruise into the Bay of Islands aboard a comfortable catamaran with indoor and outdoor viewing decks.
- Journey through legendary big-game fishing waters en route to the Cape Brett Lighthouse.
- Pass beautiful Motukokako Island and the famous Hole-in-the-Rock sea cliff, and see majestic Grand Cathedral Cave.
- Learn about this region's key role in New Zealand history from the captain's commentary.
- Be on the lookout for playful dolphin and other marine wonders as you take in the peaceful beauty of the inner islands.
- Wear layered, weather-appropriate clothing.
- Flat, comfortable shoes are recommended.
- Bring sunglasses and other sun protection as needed.

This tour includes limited walking; however, there are steps to enter/exit the catamaran. The tour is available to wheelchair guests who have a collapsible chair, are able to make their own way on and off the vessel with limited assistance and have an able-bodied companion to assist them. Guests with mobility concerns are cautioned to carefully evaluate their personal level of ability before participating. Those prone to motion sickness should take the necessary precautions. BAY-GG1 BAY OF ISLANDS & SEA CLEANERS

Duration: 8.00 Hrs **Tour Price:** \$89.00

Date: January 31, 2023 08:00 AM

Join members of the Sea Cleaners organization to pick up debris in the Bay of Islands and learn about the devastating environmental effects of litter. Over the past two decades, Sea Cleaners has removed about 100 million pieces of litter from New Zealand's coastline. Yet, trash continues to accumulate, most of it washing into the sea with the storm water run-off. The ocean currents then deposit the trash along the shore. That's where volunteers such as you come in. You will cruise on a Sea Cleaners vessel to a section of coastline that needs to be cleaned. Plastic commonly washes up, and it is particularly harmful because plastic often kills marine life that mistakenly ingests it. As you collect and bag the debris, members of the Sea Cleaners will elaborate on how they encourage residents to recycle and properly dispose of their trash, so it doesn't end up in the ocean.

- Help protect the Bay of Islands' environment by cleaning trash from the shoreline .
- Learn how Sea Cleaners works with volunteers to make positive changes year-round .
- Feel a sense of satisfaction and achievement for participating in the clean-up .
- Dress in weather-appropriate clothing .
- Wear flat comfortable walking shoes .

This tour includes significant walking and standing for approximately 7.5 hours on uneven, wet and sandy ground with mangroves at some point therefore, it is not recommended for guests who utilize a wheelchair. Those guests with mobility concerns are cautioned to evaluate their personal level of ability and stamina. Casual, weather-appropriate clothing and comfortable, flat lace up shoes are suggested. Guests will be actively involved in rubbish cleanup and therefore shoes and clothing are likely to get dirty and even wet. The area will depend on tides and weather conditions. There are no restrooms onboard the vessel however during the trip stops will be made at public lavatories. A simple box lunch will be provided. Access to the vessel is via a ramp. Each vessel has shaded area.

BAY-006 RELAXING CRUISE TO HISTORIC RUSSELL

Duration: 3.50 Hrs **Tour Price: \$139.00**

Date: January 31, 2023 08:30 AM, 12:00 PM

Enjoy a sumptuous lunch as you cruise calm Bay of Islands waters, passing a vineyard, an oyster farm and numerous historic sites en route to the port of Russell. Voyaging from Waitangi, where New Zealand's founding document between the British Crown and the Maori chieftains was signed in 1840, your leisurely coastline cruise winds past many sites that influenced the country's history since. Okiato was the first capital city – but only for two years until Auckland took over. Omata, once a favored arrival point for European immigrants, is now a favored wine-growing region. As you encounter these and other sights, you'll savor a traditional New Zealand lunch and learn much about the Bay of Islands' evolution from rustic frontier settlement to top-shelf travel destination. Once you dock at Russell, enjoy an hour of free time to explore independently before the return to Waitangi. Long known by the unfortunate moniker of "Hell Hole of the Pacific," Russell was the original lawless whaling, sealing and trading port on the North Island – notoriously inhabited by crusty mariners, deserters and convicts on the lam. Today, it's a delightfully picturesque time capsule, rich with history and meticulously restored mid-19th-century buildings – with musket ball scars.

- Enjoy a sumptuous shipboard lunch as you cruise through the beautiful waters of the Bay of Islands.
- Pass by about fascinating sights along the shoreline like Okiato, New Zealand's earliest capital, and Omata, once an immigration port, now a winegrowing center.
- Pull in at Kororarereka, now known as Russell, the largest whaling port in the southern hemisphere during the 19th century – and the most lawless.
- Enjoy an hour of free time here to explore at your leisure before the return sail.
- Discover a picturesque waterfront village of historic restored homes, churches, and wooden cottages.
- Wear casual, weather-appropriate clothing; include a light jacket or sweater.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, a bottle of water from the ship, sunglasses and sunscreen as needed.

Walking on this tour is mainly at guests' discretion for those who elect to explore Russell. Guests will have to enter and exit the boat with limited assistance. The tour is not available to wheelchair guests and those with mobility concerns are cautioned to carefully evaluate their personal level of ability before participating.

BAY-002 KAYAKING ON WAITANGI ESTUARY

Duration: 3.50 Hrs **Tour Price: \$169.00**

Date: January 31, 2023 09:00 AM

Paddle the tranquil waters of Waitangi Estuary on a scenic kayaking tour that visits mangroves and waterfalls. Your seasoned guide will walk with you across the Waitangi Bridge to the kayak launch for a safety briefing and gear-up before heading out into the estuary waters. Working your way through this beautiful natural setting, you'll glide by a low forest of mangrove trees, their glistening root systems protruding out from beneath the water to create a crucial breeding ground for many species of small fish. This protected habitat is a crucial component of not only the estuary but the whole Bay of Islands ecosystem. After a time, you'll reach Haruru Falls, surrounded on one side by the lush Waitangi Forest. The falls themselves, while not especially high, are nonetheless a spectacular sight when seen from the water like this, especially if any recent rainfall has added oomph to their volume. Take a rest break and enjoy the light refreshments served at a nearby picnic area before the relaxed paddle back to Waitangi Wharf.

- Enjoy a guided paddle by tandem kayak into Waitangi Estuary, where the river joins the bay.
- Glide along normally calm waters past ranks of deep green mangroves whose exposed prop roots create an essential breeding habitat for small fish.
- Reach the end of the estuary at Haruru Falls, not always mighty but always magnificent from the water.
- Step out onto land and relax awhile over supplied light refreshments at a picnic area near the falls.
- Refreshed, make the return paddle to Waitangi Wharf.
- Wear a bathing suit under shorts or a cover-up; bring a jacket in case conditions change.
- Waterproof beach shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

The Waitangi Estuary is normally very calm and well protected; however, it is recommended that guests have previous kayaking experience. Strong winds can make the kayaking challenging. This tour is not available to wheelchair guests and not recommended for those with limited mobility. There are approximately 400 yards of walking from Waitangi Wharf to the kayaking center. Participants must be at least 10 years old and accompanied by a parent. Double kayaks are used for this tour.

BAY-003 KERIKERI AND WAITANGI HIGHLIGHTS

Duration: 3.50 Hrs **Tour Price: \$149.00**

Date: January 31, 2023 09:30 AM, 11:45 AM

Discover the stories and places tied to New Zealand's early Maori and European history during a scenic journey to Kerikeri and Waitangi. Your discoveries begin with a drive to the coastal town of Paihia, where one of the earliest British missionary stations was established in 1823. Some 16 miles away in the lush citrus growing area of Kerikeri, see the missionaries' first permanent dwelling, Kemp House, built even earlier. Just adjacent is the Stone Store, the mission's long-surviving stone storehouse. But the most renowned North Island cultural touchstone you'll visit on this tour is back in Waitangi – and built of imported Australian wood. The recently-restored Waitangi Treaty House is the site where the first 43 Maori chiefs signed over sovereignty of their lands to the British Crown in 1840 – with many others to follow as the treaty circulated around the islands. Though much debated, the Treaty of Waitangi is still governing race relations and land rights in New Zealand today. On a stroll through the pastoral Treaty House grounds, you'll encounter an impressively carved Maori meeting house and a seriously long war canoe. Once at the property's end, rejoin your transportation for the ride back to the wharf.

- Travel to historic landmarks where New Zealand's Maori and British history has taken place.
- See an early missionary station in Paihia, and visit the even earlier Kemp House in Kerikeri, next to the country's oldest stone building.
- Take a self-guided tour of the iconic building where representatives of Queen Victoria and 43 Maori chiefs signed the Treaty of Waitangi in 1840.
- Walk the Treaty House grounds and see an impressive Maori meeting house and war canoe.
- Wear layered, weather-appropriate clothing.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

This tour involves approximately 100 yards of walking to the Kemp House and Stone Store and another 700 yards of mostly downhill walking at the Waitangi Treaty House and grounds. There are 12 steps in the Stone Store to access the 1st floor, which may be skipped. Visit to the Waitangi Treaty House is self-guided. The tour is available to wheelchair guests who have a collapsible chair, are able to make their own way on and off the transportation and have an able-bodied companion to assist them. Those with mobility concerns are cautioned to carefully evaluate their personal level of stamina before participating.

BAY-005 GLOW WORM CAVE & PUKETI KAURI FOREST

Duration: 5.00 Hrs **Tour Price: \$129.00**

Date: January 31, 2023 10:15 AM, 11:15 AM

Visit thrilling natural wonders like a cavern illuminated by glowworms and a forest of giant kauri trees, and see several man-made attractions, too. Kawiti Caves contains plenty of bizarre and impressive stalagmites and stalactites, but its most wondrous sight is the galaxy of blue-green lights given off by thousands of tiny glowworms attached to the inky-black ceiling. It's a spectacular sight and your guide will share fascinating facts about the lifecycle of these famous little New Zealand residents. The denizens of Puketi Forest are a bit larger – like, say, 150 feet tall and up to 2,000 years old. Rivaling the California redwood in height and girth, thousands of mighty kauri trees once cloaked the Bay of Islands. The reserve you'll tour is one of the last protected areas where they still stand, and the boardwalk through the forest allows visitors to admire these gargantuan wonders up-close without damaging their sensitive roots. A side trip to colorful Kawakawa adds levity to the day, with its train tracks running down the main street and whimsical public restrooms designed by an Austrian artist. A photo-stop in front of New Zealand's oldest building and its 1830s stone storehouse in Kerikeri provides the history.

- Enjoy a guided tour of Kawiti Caves and see the brilliant light show created by thousands of tiny glowworms attached to cavern ceiling.
- Stroll along a boardwalk path through the towering kauri trees of Puketi Forest reserve.
- Visit Kawakawa, where the vintage railroad runs through downtown and the public restrooms are... colorful.
- Stop in Kerikeri for photos in front of two of New Zealand's oldest, most historic missionary structures.
- Wear casual, weather-appropriate clothing; include a light jacket or sweater.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

This tour includes a considerable amount of walking and 150 steps to negotiate at the caves. The tour is available to wheelchair guests who have a collapsible chair, are able to make their own way on and off the transportation and have an able-bodied companion to assist them. Those with mobility concerns are cautioned to carefully evaluate their personal level of ability before participating. The tour is not recommended for those inclined to claustrophobia. You'll travel by coach deep into the bucolic Kiwi countryside, crossing into the emerald-green Waikato region and a town called Matamata. Nearby Hobbiton is a sprawling sheep and cattle farm whose landscape was seriously altered to accommodate filming of the blockbuster trilogy in the late 1990s. Dozens of hobbit holes were created, charming stone bridges and thatched buildings were constructed, and Barberry hedges and trees were planted. It was an enormous undertaking and at the peak of filming, 400 people worked here in this lush setting that looks more like fantasyland than farmland. While touring the set, you will have the opportunity to visit the picturesque mill, double-arched bridge, Party Tree and Green Dragon Inn – all well-known to fans of these timeless Tolkien fantasy novels and Peter Jackson's ambitious vision to bring them to the giant screen. NPE-001 CAPE KIDNAPPERS & GANNET SAFARI

Duration: 4.50 Hrs **Tour Price:** \$209.00

Date: February 02, 2023 10:30 AM

Board a safari vehicle for a scenic drive down the coast to observe thousands of breeding gannets and catch amazing views across Hawke's Bay. This unique excursion carries you out to a dramatic promontory where the 4,500-acre private farm known as Cape Kidnappers Station borders on the world's largest and most-accessible mainland nesting place for gannets. These handsome, quirky members of the booby family nest high on the sea cliffs and are famous for the ritualized recognition dance performed by mating partners who pair up for life. Skilled anglers, they swoop and dive for fish in the water below, preen on the rocks, and generally make themselves fascinating to watch – especially in these large numbers. To reach their remote domain, you'll be driven across the farm's river beds, rolling pastures, steep gullies and breathtaking inclines to within a few feet of the Cape Kidnappers sanctuary. Your guide will provide the background commentary on this habitat, and the gannets will provide the entertainment. From this cliff 328 feet up straight from the beach, you'll also see the entire rugged sweep of the Hawke's Bay coastline – all the way north to Mahia Peninsula. Afternoon tea will also be served.

- Travel from the pier by safari vehicle to Cape Kidnappers Station, a vast private farm adjacent to a vast gannet sanctuary.

Duration: 1.00 Hrs **Tour Price:** \$109.00

Date: February 02, 2023 10:30 AM, 12:30 PM, 02:30 PM

Take in the sights of downtown Napier from aboard a unique sightseeing train that travels through the streets rather than along rails. After a devastating earthquake and fire of 1931, Napier was completely rebuilt in the then-modern style that was sweeping the U.S. and Europe. The happy result is a city boasting the world's largest concentration of Art Deco buildings, most of them today restored to the peak of their period beauty. Riding through the streets on a modern road train styled like a vintage steam railroad, you'll pass a dazzling parade of stucco relief facades, ornamentation in geometric patterns, streamlined silhouettes and even some Maori symbols thrown in for a regional twist. Of the 164 Art Deco, Spanish Mission and Stripped Classical buildings constructed in Napier in the 1930s, some 140 of them still stand – creating a living time capsule of the Deco era. From the wide, comfortable seats of the Hawke's Bay Express, you can relax and see it all through the train's large windows. You'll also get a look at Bluff Hill, where the early settlers lived, and the old port village of Ahuriri, where their ships came in.

- Enjoy an hour-long, slow-motion speed date with a beautiful Art Deco city you're bound to love.
- Travel through downtown Napier on a sightseeing train that rides the streets, not the rails.
- Sit back in romantic, old-fashioned comfort and see the city through modern big picture windows.
- Learn about the circumstances that led to the Napier's world-class collection of Art Deco landmarks.
- Catch the views from Bluff Hill and along the old Ahuriri wharf, as well.
- Wear casual, weather-appropriate clothing.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

There is limited walking on this tour. Guests must negotiate a small step to enter and exit the train. It is available to guests who utilize a collapsible wheelchair, can make their way on and off the train and have a companion to assist them. However, foldable wheelchair may have to remain on the port during the tour. The train is not air-conditioned, but the windows open.

Date: February 02, 2023 11:00 AM

Take a drive and walk through Napier's famously Art Deco districts and see the results of the city's remarkable 1931 rebuild. Art Deco was all the rage in the U.S. and Europe in 1931 when a severe earthquake struck here, leveling much of the town. With an entire metropolis to rebuild, Napier embraced this whimsically streamlined architectural style and went to work. Today, the heritage sections of the city feel like a 1930s-era film set – except real. You'll travel by coach to Ahuriri, the character-filled port district where Napier began, stopping by the landmark National Tobacco Company building for photos, and spin along the streets of Marewa, Napier's charming Art Deco residential neighborhood. A drive down Marine Parade, lined with rows of Norfolk Pines leads to the Art Deco Shop, where you'll learn more about Napier's history with a brief film presentation, then set off on a leisurely guided half-mile stroll through the official Art Deco Quarter. You'll marvel at its eclectic mix of period buildings in the Spanish Mission, Stripped Classical and, of course, streamlined Art Deco styles – and step inside the old AMP Building and ASB Bank for interior inspections.

- Sit back for a drive through several Napier neighborhoods that showcase its unique Art Deco heritage.
- Tour Ahuriri, the old wharf district, and stop for photos at the magnificently detailed 1932 National Tobacco Company building.
- Leave the coach behind for a while, as you take a leisurely guided walk in the central Art Deco District.
- Enjoy close-up views of Spanish Mission, Stripped Classical and streamline-Deco landmarks, with some interior visits included.
- Wear casual, weather-appropriate clothing.
- Flat, comfortable walking shoes are recommended.

PIC-006 QUEEN CHARLOTTE SOUNDS ROUND THE BAYS

Duration: 2.50 Hrs **Tour Price: \$129.00**

Date: February 03, 2023 01:15 PM

Cruise pristine Queen Charlotte Sound by catamaran, surrounded by beauty as you explore the rugged shoreline. Like the other sounds that combine to form the Marlborough Sounds network, Queen Charlotte was formed when deep river valleys filled with seawater at the end of the last ice age. The result is a meandering wonderland of azure separated by steep green hills and laced with alluring bays and coves. A few scattered settlements dot the otherwise-wild coastline, most of them so isolated they can only be reached by boat. In fact, this landscape hasn't changed much at all since James Cook sheltered here during his exploratory voyages in the 1770s. And that's the true beauty of it. Your own exploratory voyage begins right from the pier, aboard a comfortable catamaran designed for sightseeing on these typically calm waters. Rounding the bays, you'll be treated to panoramic views bound to capture your imagination as few other places can. Along the way, you'll loiter in Double Cove a while to feed the locals – who usually include hungry herring, mullet and cod. Don't be surprised to see king shag cormorants swooping in to feast too; they're highly skilled anglers.

- Be immersed in natural beauty on a catamaran cruise around Queen Charlotte Sound.
- Gaze in wonder at this network of river valleys swamped by the sea some 10,000 years ago.
- Round a rugged shoreline little changed from when Captain Cook sheltered here in the 1770s.
- In a quiet cove, spend time feeding grateful herring, mullet and cod – and watch cormorants swoop in for their share.
- Wear weather-appropriate clothing.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

What this tour includes is mostly seated with very limited walking. The tour is not available to wheelchair guests and those with mobility concerns are cautioned to carefully evaluate their personal level of stamina and ability to enter/exit the catamaran with limited assistance. Wildlife sightings, while likely, are not guaranteed.

PIC-010 WILDLIFE , WATER AND WINE BY CATAMARAN

Duration: 2.50 Hrs **Tour Price: \$159.00**

Date: February 03, 2023 01:45 PM

Observe diverse marine life as you cruise the scenic Marlborough Sounds, visit an indigenous bird sanctuary, and toast it all over a glass of local wine. You'll tour by comfortable catamaran with a marine biologist on board to provide pointers on the seabirds and aquatic creatures you might encounter as you head out into Queen Charlotte Sound. This is just one of Marlborough's magnificent network of ancient river valleys flooded by seawater some 10,000 years ago. With your expert guide there to point them out, you'll be on the lookout for seabirds like rare king shags, variable oystercatchers, and the fluttering shearwaters who fly low and fast with bursts of rapid wing beats. You can also expect to see New Zealand fur seals and little blue penguins – the world's smallest – who congregate on the surface in small groups called rafts, diving every so often to feed on fish and squid. Disembarking at predator-free Kaipupu Wildlife Sanctuary, follow a trail past towering tawa trees, scanning the branches for greenish bellbirds, chattering brown creepers and moreporks – a small owl whose call sounds like its name. Reaching some hilltop picnic tables, enjoy a glass of Marlborough wine or juice and more extraordinary views.

- Cruise into spectacular Marlborough Sound waters aboard a touring catamaran.
- Keep an eye out as the onboard marine biologist points out seabirds and aquatic wildlife to observe.
- Expect to see low-flying "fluttering shearwaters," perhaps fur seals and tiny penguins, and more.
- Disembark for a trail walk in Kaipupu Wildlife Sanctuary, where indigenous terrestrial birds hang out in the trees.
- Alight at a hilltop picnic table to savor a glass of local Marlborough wine and delicious Sound views.
- Weather-appropriate clothing is advised.
- Wear flat, sturdy walking or athletic shoes; regular street shoes are not suitable.
- Bring a hat, a bottle of water from the ship, sunglasses and sunscreen as needed.

This tour includes approximately an hour of easy-to-moderate walking and standing that includes some steps, uneven natural surfaces and inclines at the wildlife sanctuary. Participants should be in reasonably good physical condition. The tour is not available to wheelchair guests or those with walking difficulties. Those prone to motion sickness should take appropriate precautions. Wildlife sightings, while likely, are not guaranteed.

CHC-GG1 SUSTAINABLE WILD FOOD FORAGING

Duration: 4.00 Hrs **Tour Price: \$309.00**

Date: February 04, 2023 09:30 AM

Head into the hinterlands of the Banks Peninsula with a professional forager to look for edible plants in nature's boundless pantry. The found ingredients will depend on the location for your adventure, which varies with the season. You never know what the forager will stumble across in the wild because New Zealand boasts more than 7,000 plants suitable for foraging. Commonly found salad ingredients include crunchy sweet pea tendrils, wild radishes and red clover flowers. If the forager wades just off shore, he will likely find green-lipped mussels and pie crust crabs. Fragrant lemonwood leaves and peppery horopito are often used to enhance the flavor of seafood. Although most of the items will be indigenous, you might come across wakame, an edible seaweed that was introduced in the 1980s, when it was inadvertently brought in on the hulls of ships. The forager may also suggest fun ways you might forage for food when you return home.

CHC-GG2 LYTTLETON: OUR SEA & SEA CLEANERS

Duration: 6.00 Hrs **Tour Price: \$89.00**

Date: February 04, 2023 09:30 AM

Join members of the Sea Cleaners organization to pick up debris along Lyttleton's shore and learn about the devastating environmental effects of litter. Over the past two decades, Sea Cleaners has removed about 100 million pieces of litter from New Zealand's coastline. Yet, trash continues to accumulate, most of it washing into the sea with the storm water run-off. The ocean currents then deposit the trash along the shore. That's where volunteers such as you come in. You will cruise on a Sea Cleaners vessel to a section of coastline that needs to be cleaned. Plastic commonly washes up, and it is particularly harmful because plastic often kills marine life that mistakenly ingests it. As you collect and bag the debris, members of the Sea Cleaners will elaborate on how they encourage residents to recycle and properly dispose of their trash, so it doesn't end up in the ocean.

- Help protect Lyttleton's fragile environment by cleaning trash from the shoreline .
- Learn how Sea Cleaners works with volunteers to make positive changes year-round .
- Feel a sense of satisfaction and achievement for participating in the clean-up .
- Dress in weather-appropriate clothing .

Duration: 4.00 Hrs **Tour Price: \$139.00**

Date: February 10, 2023 09:00 AM, 01:00 PM

Enjoy a panoramic overview drive through Geelong, visit a grand museum dedicated to sheep, and go directly to gaol. Your narrated coach tour will introduce the most important landmarks of this city whose name means “cliffs” in the local Aboriginal language. Passing the restored 19th-century waterfront district and botanic gardens, you’ll arrive at a grand bluestone building dating from 1872, near the peak of the city’s wool-mill heydays. Inside, the National Wool Museum spins a mighty intriguing yarn as it presents Geelong’s historic role in the sheep-farming, wool processing and textile production industries. Meander the museum galleries and catch a sheep-shearing demonstration by a local farmer who could fill a book with his knowledge of wool and its longstanding ties to the Australian culture and economy. Your next destination captures a less-tranquil aspect of local history as you enter the somber 1840s maximum-security prison complex known as the Old Geelong Gaol. Closed since 1991, it still reverberates with terrifying echoes of the rigors endured by its inmates as you tour the former gallows, solitary confinement cells, and exercise yard. You’ll leave this place very happy to be walking freely outdoors again.

- Sit back for an informative coach drive past downtown Geelong’s key sights.
- Visit the National Wool Museum and learn a surprising amount about how sheep and wool shaped the story of Geelong – and Australia itself.
- Enter a foreboding old jail built by convicts during the 1840s gold rush days and occupied by the unlucky all the way up until 1991.
- Tour the creepy confines, including the former gallows and Cell 47, whose resident was a muralist.
- Wear weather-appropriate clothing; be prepared for the possibility of rain.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

This tour includes some 2 hours of moderate walking and standing, with some steps to negotiate. GEE-004 QUEENSCLIFFE & BELLARINE PENINSULA WINER

Duration: 4.00 Hrs **Tour Price: \$129.00**

Date: February 10, 2023 09:15 AM

Discover the Victorian-era grandeur of Queenscliff and sample award-winning wines at two Bellarine Peninsula vineyards. You’ll travel by coach eastward from Geelong through pastoral Bellarine Peninsula terrain to a town established over 150 years ago to guard the entrance of Port Phillip Bay. Today, Queenscliff still proudly retains much of its original architecture and period elegance. A particular highlight on your panoramic tour of the city will be the so-called Black Lighthouse, one of only three in the world built of unpainted basalt bluestone. You might feel as though you traveled back to another era as you admire the town’s lineup of well-kept Victorian hotels – one of which you’ll visit for morning tea and scones. The Bellarine Peninsula has been gaining repute of late among gourmets and oenophiles, its maritime microclimate and rich coastal farmland offering ideal conditions for farm-to-table cuisine and winemaking. You’ll soon head out to visit a pair of the region’s leading cellars, and taste the fruits of their labor – in the form of signature sauvignon blanc, pinot noir and shiraz appellations. Scotchmans Hill’s complex wines reflect the intense characteristics of the vineyard’s black, volcanic soil, while Oakdene’s elegant varietals are redolent of lush farmland terroir. Cheers.

- Travel by coach into the Bellarine, a picturesque, sea-kissed peninsula jutting into Port Phillip Bay.
- Discover extraordinarily historic Queenscliff on a drive through streets lined with Victorian-era buildings.
- See signature attractions like the Black Lighthouse and enjoy tea and scones at a charming hotel.
- Tour two Bellarine vineyards earning raves for their wines, and sample delicious vintages at each.
- Wear weather-appropriate clothing; be prepared for the possibility of rain.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

This tour includes approximately 90 minutes of moderate walking and standing, with some steps to negotiate. The tour is not available to wheelchair guests and those with mobility concerns are cautioned to carefully evaluate their personal level of ability before participating. The order of sites viewed or visited may vary. In the event of closures or scheduling conflicts, wineries of similar quality may be substituted.

❖ BURNIE (TASMANIA), AUSTRALIA

BWT-002 GUNNS PLAINS CAVES AND WILDLIFE

Duration: 5.00 Hrs **Tour Price: \$149.00**

Date: February 11, 2023 09:30 AM

Descend into dramatically lit limestone caverns and wander a wildlife park inhabited by an impressive collection of Tasmanian fauna. Your picturesque drive from Burnie skirts a sizable forest preserve to reach the mysterious underground world of stalactites and stalagmites at Gunns Plains Caves. Inadvertently discovered in 1906 by a hunter in pursuit of a possum, the original method of entering these caves by rope descent has thankfully been replaced by a civilized 54-step stairway and a series of comfortable paths. Your guide will point out the caverns' most interesting geological features, many of them illuminated for added drama. Giant lobsters and eels flourish in the cave's still-flowing underground river, where you might spot several platypus nesting along the shores. Many more unusual indigenous species await you above ground on a visit to Wings Wildlife Park, where you'll have free time to meander the trails – encountering famous animals like the Tasmanian devil, and obscure ones like the bettong, tiny marsupials who hop around like mini-kangaroos. Other unfamiliar and fascinating creatures who call the park home include boobook owls, crab-eating macaques, quolls and long-nosed potoroos. You won't find any of these at your local pet shop.

- Travel inland across scenic Tasmanian terrain to tour an impressive underground series of caves.
- View calcite shawls and flowstone formations – illuminated by lights and your guides' commentary.
- See bioluminescent glowworms clinging to cavern walls and platypus nests along an underground river.
- Visit an above-ground park that's home to the largest collection of Tasmanian wildlife in Australia.
- Walk trails where Tasmanian devils, bettongs, quolls and potoroos are among the curious inhabitants.
- Wear weather-appropriate clothing; include a light sweater or jacket since caves can be cool.
- Closed-toe walking shoes with non-slip soles are recommended; no heels, please.
- Bring a hat and sun protection as needed.

This tour includes approximately 90 minutes of moderate-to-strenuous walking that includes steep inclines, steps, a short ladder and uneven surfaces which can be slippery at times. The tour is not available to wheelchair guests or those with mobility concerns. Tour vehicles may not be of the same standard as found in more-metropolitan Australian ports. Various coach styles are used, all are air-conditioned. Amount of driver/guide commentary provided on this tour also varies.

BWT-005 TRUE INDULGENCE-CHEESE, CHOCOLATE & WINE

Duration: 5.00 Hrs **Tour Price: \$179.00**

Date: February 11, 2023 09:30 AM

Experience true indulgence on a tour that seeks out fine epicurean delicacies produced around Burnie, including intensely flavored cheeses, creamy chocolates and robust wines. A century ago, this town was all about timber and papermaking, today it's evolved into a thriving arts center. And though times change, certain tastes don't. Like the taste of the exquisite cheeses made in the dairy country surrounding Burnie. The area's climate, salt-laden atmosphere and lush pasturelands are simply ideal for cheese making. The exact varieties available for tasting at the visited venue change daily – but you'll likely find sharp cheddar, creamy camembert and distinctly flavored parmesan among them. A visit to the sweet shop of a Belgian chocolatier will stimulate a different part of your palate. Besides learning about their techniques, you'll sample treats that may include orange-flavored fudge, dark ganache truffles and white chocolate couverture buttons – all made extra-delicious thanks to Tasmania's extraordinary cream and butter. And what more perfect accompaniment to these delights than a tasting of locally produced wines? Depending on which boutique winery is visited this day, you may sample a deep-garnet Shiraz, a light Pinot Grigio or a fruity rosé. Turns out grapes, too, appreciate the local growing conditions.

- Treat your taste buds to a delight-filled survey of the Burnie area's top culinary indulgences.
- Visit a local cheese producer for a sampling session of what's on the tasting roster today.
- Call on a local chocolatier with Belgian credentials who combines Tasmanian cream and butter with other artisanal ingredients to create...nirvana.
- Toast your gastronomic good fortune to have found this tour by sampling the wines of a local boutique vineyard.
- Wear weather-appropriate clothing.
- Flat, comfortable walking shoes are recommended.
- Bring a hat, sunglasses and sunscreen as needed.

BWT-003 BURNIE HIGHLIGHTS AND CHEESE TASTING

Duration: 4.00 Hrs **Tour Price: \$119.00**

Date: February 11, 2023 09:45 AM

Discover Burnie's industrial past at a regional museum, its creative present at a contemporary crafts workshop, and its flair for dairy at a cheese sampling. Founded in 1828 around the excellent harbor at Emu Bay, Burnie's surrounding eucalyptus forests fueled a busy century of timbering and papermaking – yet the area's natural beauty still lives on, as you'll see from up on Wilfred Campbell Lookout. While the mills closed years ago, and the city evolved into a something of a creative arts hotbed, Burnie still proudly embraces its industrial heritage, much of which is documented for you to enjoy at Burnie Regional Museum. See rare early photographs, railroad memorabilia and a fascinating collection of World War I era artifacts – including prisoner-of-war uniforms and military gas masks. Next on the agenda: a sampling of the cheeses long-produced in this prime dairy region famed for its creamy camemberts and uniquely sharp cheddars. Your palate pleased, your eyes are next as the coach brings you to Maker's Workshop. In this boldly modern building, onsite innovators and artists create fanciful papier mâché art – including life-sized people – along with hand-woven baskets, jewelry, glassware, ceramics and just about anything else you or they can imagine.

- Trace Burnie's evolution from a timber-based economy to an emerging center for the creative arts.
- Savor the city's natural beauty from a hillside lookout and sample its flavors in a tasting of cheeses produced on local dairy farms.
- Browse the collections of Burnie Regional Museum for a fascinating trip back into the city's earlier days.
